

Medicare Patients

Houston Metro Urology is now offering a Care Management Program.

Care Management is a Medicare service for patients diagnosed with common chronic conditions like OAB, BPH, arthritis, diabetes, heart disease, and high blood pressure. Our dedicated Care Manager will provide you with the best possible care between visits by partnering with you to proactively manage your health and help achieve your health goals!

Patient Benefits

No more phone tag. Call us anytime.

Not feeling well? Have a question? Need someone to talk to? Simply call us at your convenience. Handle all the little things faster without waiting for a callback or scheduling a visit so you can spend more time doing what you love.

A personal healthcare assistant.

Call your Care Manager **DIRECTLY** for help with:

- Scheduling appointments, follow-ups, and sick visits
- Questions about your health, medication, and symptoms
- Requests for referrals, lab results, and more
